
CINDY QUIJADA

Hello,

First of all, "Thank You" for taking the time to get to know me better and read why is it that I'm pursuing a career in Production?

Since I was young, I became very passionate about the Performing Arts. It's been quite a journey; it all started with my love for music, dancing, singing and acting, but most importantly, the joy of bringing together friends, family and "strangers" in the same place & time, to have a great time.

Nowadays, this passion has lead me to produce events, short films, live performances, dance and music videos. In every project, my priority is not only to bring together the best crew and talent, but to have as a result a high-quality production

I've put together a Production Reel. If you haven't seen it, I invite you to and feel the energy I pursue. In less than 2 minutes, you'll get a glimpse of the projects I have produced or coordinated.

<https://vimeo.com/209943517>

If you have seen it now, hopefully you will appreciate the five years of hard work and it encompasses. In that time, I have had the opportunity to put together projects from scratch and been able to learn from and collaborate with filmmakers from different countries.

I take my job very seriously and I understand how vital is to plan in pre-production to have a smooth and effective shoot. The key is to have a clear communication with the heads of departments, crew and talent. Each project has been a challenge, but moreover a growing and learning experience, and I can't wait to keep going.

As I've mentioned before, I have a Performing Arts background, therefore I'm very keen on getting involved in the production of live events, commercials, music, dance videos and/or feature films with Arts, Dance & Music themes.

If you've got a project and you're looking for a committed and dedicated Production Coordinator, please don't hesitate and contact me.

Cindy Quijada
